

The Squam Lakes  
Association's  
Youth  
Activity  
Barn

The Youth Activity Barn will offer indoor recreational space for outdoor enthusiasts, a home for the expansion of our youth programs and will host cooperative activities for watershed town recreation departments.

This three level structure, only two levels visible from the road, will be a 50' X 32' post and beam barn located on property adjacent the SLA's Resource Center. The main floor and loft will be used for educational activities and social and cultural events while the lower level will provide seasonal storage for SLA equipment.

Our goal is to raise \$300,000 and our efforts are well on their way. The timber for the project has been generously donated and we have received gifts for more than 50 percent of the project.

Every level of support is a vital component to the final assembly of the barn.

We hope you will join the board members in their commitment by purchasing an integral part of the Youth Activity Barn.

Thank you in advance for helping us reach our goal.

Your support will provide the SLA with the best facilities to continue our mission to conserve, educate and promote healthy recreation.

Thank You

## We are pleased to support the Squam Lakes Association's Youth Activity Barn Campaign:

### Our Level of Support:

- |  |                                      |
|--|--------------------------------------|
| <input type="checkbox"/> \$2000 Rafter | <input type="checkbox"/> \$1000 Beam |
| <input type="checkbox"/> \$500 Girt    | <input type="checkbox"/> \$250 Post  |
| <input type="checkbox"/> \$100 Brace   | <input type="checkbox"/> \$50 Peg    |
| <input type="checkbox"/> \$ _____      |                                      |
